

## LOOSE ABSORBENTS:

# XT 40 ABSORB SWEEP

### DESCRIPTION

XT 40 AbsorbSweep is the premium natural biodegradable non-leaching absorbent engineered for the safe, quick, pick up and disposal of various hydrocarbon fraction liquids [oil spills] in the engineering, mining, transport and sensitive environments.

XT 40 AbsorbSweep is manufactured from environmentally acceptable naturally occurring components, which do not impose an environmental threat or hazard. It quickly encapsulates the spill leaving the surface safe, clean and dry.

### APPLICATIONS

XT 40 AbsorbSweep is recommended for use on all hard surfaces to safely and quickly absorb petrol and diesel oils. Animal, vegetable, mineral and synthetic oils and solvents.

XT 40 AbsorbSweep is simply poured and spread over the spill and swept back and forth until the surface is clean and dry.

XT 40 AbsorbSweep is then swept up and disposed of; where it naturally and quickly bio-degrades the encapsulated hydrocarbon into harmless carbon dioxide and water.

NB: [Dispose in accordance with local legislation]

### FEATURES AND BENEFITS

- Safely, quickly, absorbs and encapsulates spills
- Naturally biodegrades the encapsulated hydrocarbons.
- Safe and easy to use
- Flame retardant, non-hazard, non-abrasive, non-carcinogenic
- 100% environmentally acceptable.

### PACKAGING

Bags 10kg / 20kg

### OTHER ENSA LOOSE ABSORBENTS AVAILABLE:

- AcidNeutria (Acid)
- XT400 ChemSweep (Chemical)
- XT HydroAbsorb
