ACIDCLEAN

DESCRIPTION

AcidClean quickly neutralize acid crust from battery terminals. AcidClean, is non-hazardous and environmentally friendly.

APPLICATIONS

AcidClean should be used undiluted for acid cleaning and neutralizing.

Apply liquid (AcidClean) to battery terminal with a brush. For best results and neutralizing of acid the AcidClean must be left for a minimum of five minutes. Wash with clean water and dry.

FEATURES AND BENEFITS

- Easy and safe to use.
- Manufactured from natural solvents and water
- Save on all metals
- Non-corrosive.

COMPOSITION

A clear slightly opalescent liquid containing a blend of non-ionic and cationic surfactants, a complexing agent and other salts in water solution.

SAFETY

Wear protective clothing, gloves, eye protection and mask.
Wash off skin/bath eyes with water.
Do not induce vomiting.
If swallowed rinse out mouth but do not drink.
Seek medical attention if irritant persists.
Keep out of reach for children.

Care should be taken when dealing with any acids and protective gloves, clothing and a respirator should be worn while cleaning up acid spills.
